

2nd International Conference on Applied Sciences and Innovation

Special Session on Communication Engineering and Information

- The main goal of this session is to showcase the most recent advancements, developments, and applications in communication engineering and information technology. It aims to create an open forum for researchers and experts to discuss and exchange their studies, findings, conclusions, and experiences.
- Topics of interest include, but are not limited to:
 - Telecommunication Engineering
 - Communication Network
 - Fiber-optic Communication
 - Education and information technology
 - Health care information systems and technologies
 - Artificial Intelligence and Machine Learning
 - Databases and Information Retrieval
 - Cloud Computing
 - Computer Networks
 - Artificial Intelligence
 - E- Learning
- Papers for the special session should be submitted as PDF attachment via :
Web: <https://www.conf-event.com/CISAI/Soumission.html>
Papers should be prepared following the template format of the conference.
- Organized by: Sana A. Abdaljilil, E-mail : sana222@jeee.org
EbtesamA. Taktek, E- mail : Ebtesam.tk@gmail.com
