

Global Congress on Artificial Intelligence Training [GCAIT]

October 01-02, 2025 / Sousse, Tunisia

The **GCAIT** Congress will feature two days of intensive training focused on the fundamental, techniques, and applications of Artificial Intelligence. Participants are encouraged to bring their laptops for hands-on learning sessions.

In addition, attendees are invited to submit papers related to Artificial Intelligence and application.

Training Sessions Will be in English & French.

Accepted papers will be presented as posters during the conference and will be published in the following journals:

IJSET - International Journal of Scientific Research & Engineering Technology

CEEE - International Journal of Control, Energy and Electrical Engineering

Submission Deadline : **August 15, 2025**
