The 12th International Conference on Green Energy & Environmental Engineering (GEEE-2026), organized by the National Center for Scientific Promotion and Innovation (CNPSI) under the aegis of the 28th International Forum on Applied Sciences and Innovation (ASI-Turkey 2026) in collaboration with the LDDI Research Laboratory at the University of ADRAR and the LEEEP Laboratory at the University of Gabès.

GEEE'26 aims to promote exchanges and contribute to the promotion and development of renewable energies. Authors are invited to submit their abstracts (02 pages) in French or English (each author can submit not more than two papers). Final versions must be communicated before April 15, 2026 to be published in the indexed conference proceedings.

Hybrid mode: Online and in-person presentations are allowed.

GEEE-2026

DSc Viola Vambol (POL)

Guleda Engin (TUR) Ille Gebeshuber (AUT) Ioan-Cezar Marcu (ROU) Miglena Zhiyanski (BGR)

TOPICS

The renewable energies and environment techniques covered in the following panels will give this conference an interdisciplinary approach to exploring innovative and sustainable solutions. This will also address current challenges of energy and ecology transition within sustainable development.

Please submit your paper to the panel that best convenient to you:

PANEL 1: Electrical Engineering Conference

Artificial Intelligence and Application / Automation and Advanced systems / DC-DC/AC-DC converters... / Energy storage and distribution / High voltage DC transmission / Identification & energy storage / Instrumentation & Systems Control / Linear and nonlinear control systems / Modeling, Simulation & Optimization / Network connection, smart networks / Power electronic & Power Systems / System identification and control

PANEL 2: Architecture, Design and Heat Transfer Conference

PANEL 2: Architecture, Design and Heat Transfer Conference
Bioclimatic Architecture / Conservation of biodiversity / Design & Architecture / Energy diagnosis and optimization / Energy efficiency /
Heat and mass transfers / Heat transfers in buildings / Mechanical and Energy Modeling / Modeling in Civil Engineering and Energy
Design / Natural resource management / Numerical calculation of fluids / Photovoltaic solar energy / Refrigeration and air conditioning
systems / SMART GRID / Sustainable urbanization / Vibration and acoustic aspect of energy problems / Thermal Machines & Thermal transfers / Waste recovery

PANEL 3: Chemical Engineering and Materials Conference
Advances in the synthesis of polymers / Analytical chemistry & inorganic chemistry / Biofuels, Hydrogen, Biomass / Catalysis and chemical reactions / Combustion cell / Crystallization & composite materials / Enzyme and Fermentation / Interfacial & colloidal phenomena / Materials, Semiconductors / Micro-hydro-dynamics: Theory and Applications / Thermodynamics / Water treatment (methods, health....)

PANEL 4: Environmental Engineering & Biotechnology Applications Conference

Agriculture & Animal biotechnology / Agriculture and applications / Agroforestry / Climate change / Climate impact on agriculture / Ecological Engineering / Environmental Biotechnology / Food Industry-Innovation / Ground water management / Molecular and Cell Biology / Protection of aquatic ecosystems / Solid waste management / Urban agriculture / Waste water purification / Water desalination / Water pollution / Water treatment (methods, health, agricultural...)

ABSTRACTING & INDEXING

All submitted and presented articles will be published in the indexed conference numeric proceedings **PET "Proceedings of Engineering & Technology"** (submitted to DOAJ and SCOPUS, awaiting response).

Extended versions of selected high quality papers will be considered for publication in one of the following indexed journals:

- 1- Entropy Journal (ISTE Ltd. London, UK 12 papers)
- 2- International Journal of Control, Energy and Electrical Engineering (7 papers)

November 30, 2025

3- International Journal of Renewable Energy and Sustainability (7 papers)
4- International Journal of Scientific Research & Engineering Technology (7 papers)

SUBMISSION

First Path Opened

Author could start by submitting abstract of two pages.

Submission Deadline

- Inscription March 10, 2026 Final Manuscript due April 15, 2026
